Check you're all set for the Entrust Dividend!

Kenny here, official spokesbird for the Entrust Dividend.

Later this year I'll be delivering the Entrust Dividend to about 327,000 families and businesses across Auckland. If you prefer to get yours via a cheque or direct credit, take a moment to check your details on the enclosed form are correct.

Check your name on the Entrust form is exactly the same as on your bank account

If it's even a little bit different ask your electricity retailer to update your name

Check check? You're set! Stand by for the Entrust Dividend later this year.

Remember... spotted a glitch? Call your electricity retailer and ask them to change your name to match whatever's on your bank account. We get the names of who to pay the dividend to from your electricity retailer, so it's important they have it right.

That's all from me. For more info about the Entrust Dividend, check out entrustnz.co.nz

Kenny

Later this year we're paying our 327,000+ beneficiaries a share of the dividend we receive for owning most of Vector. You can help make sure your money gets where it's meant to by taking a minute to check your details. Thanks!
